

Theatre is a type of ARTISTIC PROCESS.

It begins with the script and the soul of writing, and completes when performers engage with the audience.

The creator's vision, the emotions of the audience and sharing of ideas ALL come to life on the STAGE.

### Quick Reference Check

Lighting Series : Followspot

Lighting Model : PH- LED600

#### Main specifications :

0 - 100% Dimming.

1% Start to light up.

Gobo holder is supported.

Rated Power: 650W

Power: AC100-240V, 50/60Hz

Luminous Flux: 42000 lm

Ra > 85

Color temperature: 3000K

Color temperature: 5700K

Color temperature: 3000K - 5700K

Color plate : 5+1

Beam angle: 4° - 8°

Best distance: 35 - 15 meters

**POWER : 450W / 650W / 1000W / 2000W / 2500W / 3000W / 4000W**
